Dear Mr. Jackson:

We have inspected your area of operations included in plan of operations UTU-71050 and since no work has been done and the mining claims under which the work was to have been done have been invalidated by the Utah State Office, Bureau of Land Management, we are therefore canceling approval of your plan of operations and closing the case file. No work is authorized and you will be required to file a plan of operations for any future work. This does not release you from any obligation to reclaim existing portals on your former mine claims.

If you have any questions, please feel free to contact Neil Simmons of my staff at 801-637-4584.

Sincerely,

PENELOPE J. DUNN

Area Manager
